### Minutes Of The September 27<sup>th</sup> Meeting

members and 5 guests eventually gathered at the San Fran Brew Pub for the usual end of the month get-together we like to call the "meeting". The mood was loud and happy, at least for some. Joe Volpe, a small nervous member from up north, was on cloud nine, he had just received a promotion at work, it seems he was made King of the Erasers, under the vice sub president, answering to the third admin.-assistant working for the liaison to the supply clerk. We are all mighty proud of him, after his bed-wetting years it was thought he would not recover.

### Half-assed ride reports:

Pat Moriarty likes men, a lot. Pat gave a ride report that had him riding around San Jose,

(named after a man), with some new friends he has made lately. These included jet pilots, pickup truck drivers and maybe a gladiator or two, all of whom he said were very smooth in their actions. He said he was eager to be with them again soon. He was quite vocal on the fact that there were no girls (yuck) along that day.

Joe Volpe piped up next with a story or two about a ride up into the snow country. These ended with Joe lovingly describing the electrical attachments and appliances he has for his bike and how they make him feel so good on these long trips. Most of us were a little sickened by the graphic detail he went into, still others thought his frank openness was refreshing, plus it did seem to explain Joe's odd style of riding.

Our little Peetee Silva and cohort Brad Lackey have been riding the wheels off their scooters in the ARMA races around the country, they are now ranked 4<sup>th</sup> and 5<sup>th</sup> and Brad is close to 1<sup>st</sup> in national standing. On the 21<sup>st</sup> of October it seems they will be racing on Alcatraz. That last detail might not be too correct, but that's what my crappy handwriting looked like it said.

Earl said he was feeling a little 'retro' lately. He put on his tight 'Angle Flight' disco pants (the one's that make his ass look good, or so he says) then got his platform shoes on, picked out one of his classic old bikes and went looking for action. After wasting a couple hours down at the local school yard, with no action forthcoming on this home front Earl then went up into the hills and chased little pigs around until he got tired.  
Look people I just report, I don't judge.

Dardanelles club ride happened. 8 people rode around in the hills, they rode, and they rode, and they rode, and rode, and didn't fall down! They had big fun for 800 miles. As a side note the lunch stop was burned to the ground and only two people did the whole ride from beginning to end, Earl (action pants) Minkler and Lisa (this certainly is funny gasoline) Brazieal. They did have a rare sighting of the traditional Hog Fire ritual, in which some ass hole on a Harley drags

a big fuck'in log along the road and the friction sets the Harley on fire or at least smoldering.

There was a big round of everyone talking about what lies, stories or other demeaning things people have told or did in order to get out of a speeding ticket. The best was by Moriarty, a fable worthy of the brothers Grimm. In short not only did they not put anything on his record they even sent back his check, with an apology? That bastard.

### **New Bikes**

Moriarty got a yellow 2000 VFR. Of course he got a good deal on it. He said it is a total virgin, the owner is not, she was three months pregnant. So taking advantage of a pregnant woman was all Pat Moriarty had to do this time for his good deal. At least children, small furless animals and or guns were not involved this time.

Wendy is getting a 77 or 78 350 Bultaco trials bike, what more needs to be said, we wish her well, condolences and flowers can be sent to her work.

### **Treasurers report:**

We have \$1272.32 invested in Croation Tee bills.

### **Nicole's Dedication**

From: "Dena Anderson" <[fogline@slip.net](mailto:fogline@slip.net)>

Hello everyone: This message is to invite all interested parties to be a part of Nicole's Dedication at Golden Gate Community Church.

Nicole and I would love to have you attend this wonderful occasion with us.

Also, if there is anyone that is left off this list, please pass it along.

**Deadbeat Hans** from page one

Hans Koolhoven has been listed on the membership roster as LOSER/UNPAID DEADBEAT, but in actual fact he was one of the first to pay his dues. Way back when, Hans gave me his dues and paid for his dinners at the club dinner itself, and with all the excitement I stuck the money in my pocket and then I suppose used the cash to buy liquor and pay for prostitutes. So now, Hans, after 9 months, spoke up and has been upgraded to LOSER/PAID DEADBEAT. Way to go Hans and congratulations!
