Rainy meet night to blame ? Hopefully this is the last month we have to deal with the wet.Meeting was not called by our Prez,so a trip to Hooters was in order.For S.F.'s 06 quake anniversary I was gonna plug a group called MercurySF ,motorcycle emergency response outfit ,but now I'm not sure their still operating (any one heard anything) Looking at their site ,saw someone I met Tracy S. Crossed paths in Bryce.(small world)Rides ,Josh fooled everyone into thinking there was a ride on 4/1 Though not a Northstar Ride April's famous for the Mt Tam Easter Ride.Mother Nature wasn't nice this year .More rain ,not sure riders braved it.Before you know it June will be here and that means its racing on the Isle of Man . 99th Running this year.Sidecar Team Dawg Pound Racing(dawgpoundracing.com) are headed there this year.Be sure to support them ,either p/u a t-shirt at Mission Motorcycles or catch a fundraiser.Wonder what it would take to get a Northstar Sticker on the Rig?Want to throw out a Happy Retirement to Ron Wilson .Inspiration to us bikers.Been going to the Wall for years ,still avidly drools over the latest Sporty offerings in the M/C mags .Check his Garage and you might find the latest.... Tough Love Dept

As I had posted on the List, Ride Leaders need to give me the dirt on their rides .So no details on the D/S ride. This is the last issue for the unpaid Members.Don't miss out on all the goodstuff from Songdog next issue. Words,Quiet Guy April Foolin you ,no Hooters
